1 Introduction

The 2018 version of the Woodlarks Campsite Trust (WCST) Data Protection Policy has been written in response to the Guide to the General Data Protection Regulation (GDPR) and to take into account the new Data Protection Bill. There is further information on the Information Commissioner's Office website, <https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/> . Information on legislation can be found in the [National Archives](#).

The WCST policy is intended:

- to comply with the law
- to ensure we are following good practice
- to protect campers, staff and volunteers
- to protect the organisation

WCST will ensure that data is:

- used fairly and lawfully
- used for limited, specifically stated purposes
- used in a way that is adequate, relevant and not excessive
- accurate
- kept for no longer than is necessary
- handled according to people's data protection rights
- kept safe and secure
- not transferred outside the European Economic Area without adequate protection

WCST is committed to:

- complying with both the law and good practice
- respecting individuals' rights
- being open and honest with individuals whose data is held
- providing training and support for staff who handle personal data, so that they can act appropriately, confidently and consistently
- notifying the Information Commissioner voluntarily of any violations of privacy

The risk identified are:

- information about individuals getting into the wrong hands, through poor security or inappropriate disclosure of information
- individuals being harmed through data being inaccurate or insufficient.

The guide was written by Sarah Lane, Dave Gill and Malcolm Jarrett.

2 Responsibilities

Overall responsibility for Data Protection lies with the Trustee responsible for Administration and Regulatory Compliance, currently [Mark Greenwood](#).

The Trustee's responsibilities include:

- Briefing the Committee and Trustees on Data Protection responsibilities
- Reviewing Data Protection and related policies
- Advising other staff and volunteers on Data Protection issues
- Handling subject access requests
- Approving unusual or controversial disclosures of personal data

Responsibility for specific items is outlined in the section "Data Protection Issues".

3 Data Protection Issues

WCST is exempt from registration with the Data Protection Registrar.

3.1 Photographs

We obtain written consent for photographs used on our website or in social media or publicity material. We encourage Camp Leaders to ask their campers to give consent for their photographs to be used.

3.2 Campers' Addresses

WCST does not hold any information about campers or helpers. Such information will be kept by the Camp Leader.

WCST only asks for a count of people with disability and able-bodied visitors. Statistics are then used to show donors and potential donors how many people use the site.

3.3 Mailing List

A consent form (see page 6) is circulated with the Year Book allowing the Secretary to keep the postal and email addresses of volunteers, campers and supporters. Donors' records are kept for two years

This allows WCST to circulate the Year Book and to send occasional updates about our activities.

Donors wishing to opt out from the mailing list should contact the Secretary.

The Secretary manages the mailing list, keeping it electronically with password protection

3.4 Disclosure and Barring Service (DBS checks)

WCST has a Disclosure and Barring Policy. It also offers a service to help volunteers get a DBS check.

WCST does not monitor the DBS checks of volunteers at camps, which is the responsibility of Camp Leaders.

WCST does stipulate that Trustees and members of its Management Committee have DBS checks.

Consequently, WCST will hold DBS data on some volunteers and all its Management Committee members. Paper records are held under lock and key in Kathleen Marshall House. Electronic data will be held by our supplier (currently Disclosure Services) accessible online to the Secretary and DBS administrator using a logon and password.

Records will be kept and updated periodically whilst candidates are still active in WCST. After a candidate ceases to be active in WCST for a year records will be destroyed. Paper records are normally burnt under supervision of a Management Committee member. Computer records will be erased.

The Secretary and DBS administrator manage the security of DBS data.

3.5 Emergency details of those working for WCST

WCST understands that some volunteers may have medical problems. Any volunteer wishing to lodge information with WCST for release to medical practitioners in an emergency may deposit information in a sealed envelope with the Secretary. Information will be held under lock and key.

3.6 Friends of Woodlarks (FoW)

The Management Committee member responsible for FOW keeps a list of donors who wish to stay on the FOW Year Book mailing list. The consent form distributed with the Year Book may be seen on page 6

3.7 Minutes

WCST keeps formal minutes of all meetings. This includes Management Committee, Trustee and Annual General meetings. Minutes are edited by the Secretary and distributed electronically to Management Committee members and Trustees as relevant.

3.8 Financial Information

We keep limited personal financial data. This is to enable our back-office accounting and administration requirements only. This data is only available to the Treasurer, Secretary and Trustee responsible for finances. Online access is protected by passwords.
